

KNOW A HERO, TELL A HERO.

Deborah's First Responder Health Assessment Program

A comprehensive, evidence-based cardiovascular and respiratory health assessment specifically designed for first responders, offering:

- ✓ Priority access to a care team led by a board-certified Cardiologist who understands the unique needs of first responders
- ✓ Meticulous, empathetic patient service specialists with personal ties to the first responder community
- ✓ Dedicated telephone line to the FRHA team

Know a first responder who could benefit from this program? Tell them about it today.
